

Office and Event space,  
1 min. to Haneda Airport

# PiO PARK OPEN!

“PiO PARK”, a place for exchange, opened inside Haneda Innovation City directly connected to Tenkubashi Station.

Corporate registration service is also available for office use besides Monthly plan and Drop-in plan. You can also receive the industrial support menu of Ota City on the spot. There is also an event space equipped with online distribution facilities. We now carry out the first free campaign for office use.

See the HANEDA×PiO website for more details.
